EDUCATION

SVKM's Dwarkadas J. Sanghvi College of Engineering — Mumbai, India
Bachelor of Technology in Computer Engineering - CGPA: 8.62 — *Year of Passing - 2027*

Pioneer Junior College of Science, Dadar — Mumbai, India
Higher Secondary Certificate - 84.83% — *Year of passing - 2023*

EXPERIENCE

Cyber AI Intern — Jul. 2025 – Dec 2025
DeepCytes Cyber Lab

- Designed and deployed LLM-driven automation workflows for penetration testing and vulnerability assessments, reducing manual security audit turnaround time by 40% across 50+ tested environments.
- Engineered custom prompt-engineering and agentic retrieval pipelines to analyze complex security and network logs, boosting vulnerability identification accuracy by 28% while cutting false positives by 35%
- Streamlined threat reporting pipelines by automatically generating structured, actionable remediation guides for engineering teams, accelerating Mean Time to Repair (MTTR) by 30%

PROJECTS

CogniScript | *Python, Flask, React.js, LangChain, ChromaDB, MongoDB* | GitHub — Dec 2025

- Engineered an end-to-end RAG pipeline using LangChain, HuggingFace embeddings, and recursive chunking to ingest multi-format documents, reducing data processing latency by 35%.
- Architected isolated per-session vector databases utilizing ChromaDB for semantic similarity search, achieving 92%+ retrieval precision and eliminating context-bleed across concurrent chat sessions.
- Designed a scalable Flask REST API featuring a dynamic LLM routing system, seamlessly integrating 5+ providers (OpenAI, Gemini, Claude, Groq) to optimize inference speed and prevent vendor lock-in.
- Developed a responsive React frontend with streaming LLM responses and automatic source citation tracking, enabling real-time contextual Q&A interactions.

CitationEdge | *Python, FastAPI, SciBERT, KeyBERT, spaCy, Neo4j, HuggingFace* | GitHub — Apr. 2026

- Architected a 4-Stage Automated NLP Pipeline using SciBERT, KeyBERT, and TextRank to parse manuscripts via ScienceParse, optimizing keyword extraction using Maximal Marginal Relevance (MMR) for semantic diversity.
- Engineered a Graph Database Schema in Neo4j modeling 7 interconnected entity node types (Papers, Keywords, Sections, Claims, Reference Groups, References, Topics) to map domain dependencies via Cypher queries.
- Developed a RAG-Based Citation Gap Engine using Semantic Scholar API and a mathematical relevance formula incorporating a 5% annual recency penalty, 1.5× citation boost, and 0.3 similarity threshold for section allocation.

XChange | *Java, Spring Boot, Hibernate, React.js, PostgreSQL* | GitHub — Feb. 2026

- Engineered a full-stack Indian stock market simulator for 2,100+ NSE stocks supporting live pricing, historical charts, and AI-powered news sentiment processing via Groq (Llama 3.3 70B).
- Designed multiplayer Stock Battles featuring secure invite codes, real-time global leaderboards, and interactive group chat architectures for concurrent users.
- Architected a high-performance Java Spring Boot backend featuring a centralized Zustand price store and server-side caching (5-min TTL) to optimize poll intervals, reducing redundant API calls by 80%.

TECHNICAL SKILLS

Languages: Python, Java, C++, SQL, JavaScript
AI/ML & GenAI: QLoRA, Unsloth, Tensorflow, PyTorch, HuggingFace, Groq, Ollama Knowledge Graphs
Frameworks & Libraries: PyTorch, Scikit-learn, LangGraph, Spring Boot, Hibernate, FastAPI, React.js, Pandas, NumPy, Spring AI, Spring Security, Hibernate
Databases: PostgreSQL, MongoDB, Neo4j, ChromaDB, Pinecone.
Developer Tools & Cloud: AWS, Docker, Git, GitHub, Postman, Streamlit

ACHIEVEMENTS

Blood Bytes Winner: Secured First Runner Up in a CP competition Blood Bytes.
CodeChef: Currently rated 3 star at CodeChef with 1639 Ranking implementing Data Structure and Algorithm.
Codeforces: Achieved a max rating of 1312 and secured Pupil title in Codeforces.

EXTRA CURRICULAR

- **Machine Learning Developer, Synapse:** Member of the ML Committee as ML Developer at Dwarkadas J. Sanghvi College of Engineering. Worked with Medical Data from MIMIC VI Dataset.
